APCTT-ESCAP

Technology Business Incubator (TBI) as a Key Component of National Innovation System

- Overarching concept of NIS
- TBI as a Key Component of NIS

APCTT-ESCAP

Overarching Concept of NIS

“.. that set of distinct **institutions** which jointly and individually contribute to the development and diffusion of **new technologies** and which provides the framework within which governments form and implement policies to influence the innovation process. As such it is a system of **interconnected institutions** to create, store and transfer the knowledge, skills and artefacts which define **new technologies**.” (*Metcalfe, 1995*)

Institutions, Interaction, New technologies

APCTT-ESCAP

TBI as a Key Component of NIS

- A. Linkages and Partnerships
- B. Commercialization of R&D results
- C. Promotion of venture business

APCTT-ESCAP

Key Components of NIS

C. Promotion of venture business

- Policy framework to encourage start-ups
- National socio-economic ecosystem
- Angel investors
- IP system
- Support mechanisms — capital market, business management (business, revenue, market, finance, etc)

APCTT-ESCAP

THANK YOU
